## The Personality of Success

**Merrick Rosenberg** guides audience members to discover the most interesting topic of all - *themselves!* Using his reimagined version of how people learn about personality, Merrick teaches people how to tap into the power of their personality to build stronger relationships and get results.

In Merrick's relatable way of linking who we are to Eagles, Parrots, Doves, and Owls, you will see yourself in his stories. This often humorous and always insightful talk will teach you how to instantly read and connect with others. Instead of reflexively imposing your personality on the people in your life, you will gain the skills to anticipate what people need and adapt with chameleon-like flexibility. From the insights gained in this talk, you will become a stronger communicator, a more impactful team member, and a better leader.

### Merrick's talks help people:

- Discover the four personalities they meet every day
- Understand why they click with some and clank with others... *and what to do about it!*
- Gain the ability to quickly and accurately read anyone's personality
- Heighten their emotional intelligence through greater self-awareness
- Harness the power of diverse styles to build strong, connected teams
